## The New Process

Last year, student leaders in Kaneko Commons decided to change the way housing preference is given for placement within the community. Kaneko Commons replaced its credit based in house lottery with a point based commons lottery that is open to all undergraduate students at Willamette.

One of the goals of a point based system is to provide housing preference for involvement and presence in the community rather than academic credit.

A quick overview: Once your worksheet is verified you will need to come to the Kaneko Commons office (KAN 103A) on April 9, 2008 to select a lottery number. You will be drawing from a hat with all other students who have the same number of points as you. That number will then determine the order in which you are able to select housing in Kaneko Commons for the 2008 – 2009 academic year.

This process has a few additional steps and we have tried to make it as user friendly as possible. If you wish to participate, please be sure that you read through all information and timelines provided. If you have any questions please contact Lindsey Schneider <lschneid> or the Kaneko Commons office at 503-370-6674.
