Level Two Leadership Training

Hey leaders!
Thanks so much for your time and for being such great students. Now, I said it before and I’ll say it again — I want to improve our training program as much as humanly possible. I sincerely, truly, and genuinely want your brutally honest feedback, comments, and especially your criticism about this session. This form can be submitted anonymously by slipping it under the OP office door, but I welcome you to write your name at the top of this page if you’d like to help me improve this training even more.

Instructor name ______________

What was one highlight of the training?
