

Practicum Teaching Waiver Request Form

MAT Aspire Program

Willamette University School of Education

Name:

Date:

I understand that the requirement for the course ED 592, Practicum, is a **minimum** 90 hours of observation and participation in classes at the grade level for which I plan to gain a teaching license at my second authorization level. I also understand that the final amount of credit for hours I observe will be determined by the faculty and will not exceed 30 hours. A minimum of 60 hours of Practicum must take place in coordination with EDUC 555 Planning and Implementation and EDUC 522 Assessment.

I request a waiver of _____ hours of the requirement due to my prior experience in schools documented below. My observations occurred within the last two years. I will complete the remaining hours of the requirement and write a 2-3 page paper documenting my achievement of the Practicum Teaching Observation Guidelines.

Please explain why you believe it would be appropriate to waive part or all of this course requirement based on your experience (you may attach other paper if necessary):
