

**Willamette University Bell Schedule
PNCA Campus
Effective Fall 2024**

A unified bell schedule and academic calendar are among the critical first steps toward realizing the Strategic Plan's vision for greater cross-university curricular engagement. Greater alignment in the timing of course offerings will allow more students to take advantage of the array of existing curricular offerings in Willamette's Atkinson Graduate School of Management, College of Arts and Sciences, College of Law, Pacific Northwest College of Art, and School of Computing and Information Sciences, and will also facilitate future program development that draws from across the University's colleges and curricula.

The University's unified bell schedule was launched in Academic Year 2023-2024, and emerged from nearly two years of conversations and consultation with numerous campus stakeholders. This Bell Schedule includes common start times for courses, as well as college- and university-level "Common Hours" that are designed to facilitate meetings, co-curricular activities, speakers, and events. College Common Hours are at the programming discretion of each college or school, whereas University Common Hours should be preserved for University-level committees, meetings, events, or other functions.

Please note that there are some program-specific deviations to the Academic Calendar, which include the low-residency MFA programs in PNCA, program offerings at the Executive Development Center, and inter- and winter-session courses for students in the JD program. Individual instructors may also request to offer courses "off-schedule" due to the nature of the course, instructor availability, or pedagogical reasons; these requests must be submitted in Coursedog and approved by the relevant department chair and/or college or school level scheduler before being reviewed by the Provost's Office.
