Willamette University Annual Frost Lecture: In Search of Reconciliation on America's Stolen Lands

With Margaret D. Jacobs, Director for the Center for Great Plains Studies, University of Nebraska-Lincoln

Wednesday, February 1, 2023 (Willamette Day) | 7:00 PM - 9:00 PM (PT)

Ford Hall | Film Studies Auditorium | Rm 122

Just beneath the stormy surface of our divisive times, a powerful counter current flows. Many Americans long to face up to the painful truths of how settlers violently dispossessed Indigenous people. They have

a hunger for healing and reconciliation and are taking part in a rising social movement to reckon with and make amends for our haunted past. Professor Jacobs provides insights on how settlers and Indigenous people are working together to overcome the legacies of colonialism and co-create new relationships of respect and reciprocity.

Free and Open to the Public.

Professor Margaret Jacobs is the author of <u>After One Hundred Winters: In</u> <u>Search of Reconciliation on America's Stolen Lands</u>.

Hosted by the Willamette U. History Department.

Movie Recommendation: Take time to see "A Man Called Otto" starring Tom Hanks as Otto. Based on Fredrik Backman's novel, "A Man Called Ove", the Hanks family has done a wonderful adaptation that is both humorous and touching. The film follows Otto, an older man who has become a curmudgeon upon the loss of his wife from cancer. While other folks may be trying to live life in his Pittsburgh town, he's chosen to give up on finding happiness and seeing the good in people. But when a new family moves into the house next door, they immediately want to bring Otto into their fold. This leads him to soften up a bit and realize there is life after a great love - but it might not be the way he expected it.

Inventor Garrett Morgan patented the three-signal traffic light in 1923 after witnessing a horrific accident. His design introduces a third position between go and stop to allow time for drivers to slow down. Morgan — who broke barriers at the time as a prominent, Black inventor sold the patent to General Motors for \$40,000.

Beer History

Maize, or corn, has long been used for an ancient beer style called chicha, particularly in the Andes mountains of South America. Its origins predate Incan culture, and today it is still consumed in large quantities at festivals and celebrations. It is often made communally by chewing the grain and spitting it i nto a large pot, where it then ferments.

Jean Esther (Spohn) Christoffersen

SALEM - Jean Esther Christoffersen (Spohn), 92, died January 8 in a memory care facility of natural causes.

She was born September 13, 1930 to Walter A. and Lydia F. (Walther) Spohn in Kenesaw, Nebraska.

Jean was an exceptional student at all levels. She

began her education in Nebraska, but finished grade and junior high school in Long Beach California. The family relocated there during the Depression era. Missing the farm life of Nebraska, the family purchased a small farm in Gresham, Oregon in 1944. Jean attended Gresham Union High School and graduated in 1947. After that she attended Multnomah College earning an Associate in Science Business Administration degree in 1949. She was elected to Multnomah College's Tyee Honor Society for extra-curricular activities.

In October 1950 she married Carl Lee Christoffersen in Gresham. They lived two years in San Francisco, 1951 - 1953, during the Korean War where Carl was stationed at the Sixth Army Headquarters. Afterwards, they lived in Portland until 1971 when the family moved to Salem.

Her work life started at Montgomery Wards in downtown Portland, She utilized her accounting background working at a brokerage in San Francisco, and working for Harry Mittleton in Portland. After raising two sons, she returned to work initially at Chemeketa Community College before joining the State of Oregon Mental Health Division in the accounting department. She worked there for 20 years until her retirement. She also served as the church accountant for Our Savior's Lutheran Church for five years.

In her retirement, Jean enjoyed attending the symphony in Salem, helping support blood drives, and counting offerings at her church. She became a member of the Institute of Continued Learning at Willamette University for many years.

Survivors include her two sons, Mark A. of Vancouver Washington, and Gregg W. of Portland Oregon.

Memorial services will be in Salem at Our Savior's Lutheran Church, 1770 Baxter Road SE on February 5th at 2:00 pm.

Contributions can be made to her church or charity of choice.
