### **Thank You from Student Beneficiaries of a Jerry E. Hudson Endowed Book Fund**

In 1997, ICL established the Jerry E. Hudson Endowed Book Fund with the purpose of offering financial aid to students facing economic challenges that hinder their ability to acquire necessary textbooks. Over the years, ICL has consistently contributed to this fund, although there was a temporary interruption in our contributions in recent years due to the Covid pandemic. However, we are delighted to announce that the ICL Board has recently voted to reinstate our commitment by donating \$1500 to further support this fund.

We are pleased to share with you another one of the heartfelt expressions of gratitude we received from the students who directly benefited from this fund:

#### **Julianna Tsang**

**Class of: 2023; Major: Biology; Hometown: San Diego, CA**

**Activities and Involvement:** Co-President in Asian Coalition for Equality, member of the Siphon Culture Association, Intervarsity, and Multicultural Association. I work as an office assistant at the College of Law, Office of Student Affairs, and am a teacher assistant for Biological Inquiry

I went through a lot of financial and internal family issues since middle school and I support myself with everything except insurance and most school tuition costs. However, being a student in STEM and being a part of other extracurriculars makes it difficult to work more than 20 hours. So, I'm really appreciative in gaining scholarship money to help pay for school costs because sometimes it feels like it is solely financial reasons preventing me from experiencing opportunities around me.

**In my backpack you'll always find...** Headphones, sugar packets for coffee, and a small sketching journal.

#### **Serena Miser**

**Class of: 2023; Major: Psychology and Sociology; Hometown: Salem, OR**

**Activities and Involvement:** Alianza, Family Building Blocks, and Boys and Girls Club

Thank you for supporting me in my education at Willamette University. I believe that education is important, and honestly if it was not for the support from my scholarships I do not think I would be attending school right now. My plan after graduation is to get my masters in mental health counseling and become a mental health therapist and hopefully later, become a clinical psychologist. Thank you!

**In my backpack you'll always find...** Headphones and hand sanitizer.

#### **Dates to remember:**

- **ICL Board Meeting: Monday, August 21st at 2:00 PM** on [Zoom](#) - all members are welcome.
