Intersession / Summer School 2021

Note: All 2021 Intersession / Summer Session Courses will be offered remotely.

Registration for our Summer session courses begins on Thursday, March 4th at 12:30pm.

Note that we are offering a new opportunity to take courses this May in an intersession period that will follow exams and precede graduation. This opportunity, open for credit to rising 2L and 3L students as well as continuing MLS / LLM students, involves a limited number of intensively-taught, single-credit courses that are described further below. **Note that intersession courses will be very intensive, and basically will require the effort of a full-time job for the week, but they should be really interesting!**

We are also still offering a menu of standard summer courses over two sessions, one from mid-May through early July, and another from mid-July through mid-August.

Registration for all summer classes - both Intersession and Regular Summer Session courses –will take place through SAGE. For financial aid reasons, students can only put themselves on a waitlist for Summer Session 2 courses until May 17th. After May 17th students on the waitlist will be registered for the class. Note that for certain courses, enrollment is first come first served. Students may only register for one Intersession class in a given week; for the regular summer session, students are allowed to register for up to 7 credit hours (per session) of regularly scheduled summer school courses, with the exception of Externship. You must enroll in 3 credit hours over the summer to qualify for financial aid for the summer semester. If you want to receive financial aid for the summer semester, you must contact the financial aid office; we'll send more information about this in the next few days.

TO REGISTER STARTING MARCH 4th at 12:30pm.

STEP ONE: Log into SAGE.

STEP TWO: Once registration opens, select “Register and Drop Sections”.

STEP THREE: Tuition charges will appear on a student's account at the time of registration. Financial Aid for Intersessions and Summer Session 1 will be disbursed on May 17; tuition should be paid no later than this date.

**A special note about clinics and externships:* The number of credits awarded depends on the number of hours to be worked at the field placement or clinic. Please consult with the supervising Professor prior to the beginning of the first session of summer school regarding the appropriate number of credits for which to enroll. Student registered in 2-6 credits of Externship or Clinic can also take a course in both of the summer sessions. Students registered for 7-9 credits of Externship must get approval from Dean Mac Alpine or Dean Dobbins to add any additional summer courses. Also, although the field placement or clinic may run throughout the entire summer (i.e., across both session one and session two), you must enroll in those courses for session one but need not reenroll for session two.

Intersession / Summer School 2021

ATTENTION:

Note that these intensively-taught intersession courses will require at least 45 hours of work and class time over the full course, and that students may therefore enroll in only one intersession course in a given week.
