An accidental injury can seriously cost you.

Because medical insurance doesn’t cover everything.

If you and your family are active, chances are, you’re no stranger to a hospital emergency room. Even with medical insurance, a fall while bicycle riding or your child’s sprained ankle at soccer practice can cost you a bundle in out-of-pocket expenses.

Are you financially prepared for all of the medical and non-medical costs of treatment and recovery from a serious injury?

Financial support to get you back on your feet

- No matter what kind of medical coverage you have, you will have out-of-pocket costs that could really set you back financially
- Guardian pays you cash benefits based on covered injuries, treatments and services
