

ISEP UNIVERSITIES: Spanish-speaking locations Sites Eligible for Credit toward Major and Minor at Willamette

There are **limited** ISEP universities approved by the Spanish department as eligible locations for students seeking to earn credit toward a Spanish major or minor at Willamette, listed below. Individual courses taken at these universities still need to be approved by the Spanish department.

NO OTHER ISEP UNIVERSITIES in Spanish-speaking locations are eligible to have courses used toward Spanish major or minor degree requirements at Willamette. If you are seeking, or may decide *at any point in the future* to seek, to earn credit abroad toward a Spanish major or minor requirement via an ISEP program, then select only from among these ISEP locations.
